## EDUCATION

### Jamia Millia Islamia University

Bachelor of Technology in Electronics and Communication Engineering, **9.42 SPI**

New Delhi, India

2020-2024

### St. Joseph's Academy

Class XII, Secured **93.0 precentage**

Uttar Pradesh, India

2019

## EXPERIENCE

### Backend Intern

Omeyo Pharmacy

January 2023 – Present

Remote

- Developed and implemented a robust backend system using **Firebase** and **JavaScript** for order processing, retailer selection, and fulfillment management.
- Created an efficient algorithm to identify the most suitable retailer based on scores and other criteria for optimal order fulfillment.
- Successfully implemented the backend system resulting in a **25 percent** improvement in order processing time.
- Actively participated in code reviews and conducted regular testing to maintain code quality and reliability.

### Teaching Assistant

Coding Ninjas

February 2023 – March 2023

Remote

- Worked as a teaching assistant for "Backend Web Development with **Node.JS**" course.
- Provided mentorship and support to 50+ students with the development and execution of programming assignments.
- Enhanced student learning experience through regular one-on-one sessions and improved student grades by an average of **20 percent**.

## PROJECTS

### StoryApp | Node.JS, MongoDB(NOSQL), BootStrap, EJS

[Project Link](#)

- Developed a web application using **Node.JS** serving as the **REST API** with BootStrap as the frontend.
- Implemented **Google OAuth 2.0** for login/signup and collecting user's details from their gmail.
- Implemented privacy feature for hiding private stories of user from others.
- Implemented public stories page for allowing users to share there stories publically.

### Youtube 2.0 | React, Material UI, HTML, CSS

[Project Link](#)

- Developed a modern Youtube clone application in **React JS**.
- Used **Rapid API** for fetching videos.
- Used **Material UI** as CSS framework.

## ACHIEVEMENTS

- Collaborated in the launch of Omeyo Pharmacy startup, actively involved in decision-making, app design, workflow development, algorithms, and is currently in testing phase. | [App Link](#)
- Secured **Global Rank of 1823 (AIR 1295)** in **Google Kickstart 2022** Round H | [Certificate](#)
- Secured **3179th Rank** globally in Dytechlab Cup 2022 held online Codeforces platform out of 20000+ participants
- Solve 700+ problems on various competitive programming websites
- Completed 30 days of Google Cloud Program 2022 | [Certificate](#)

## SKILLS COURSES

- C++, Data Structres and Algorithms
- JavaScript, Bootstrap, NodeJs, MongoDB, SQL
- Operating System, DBMS , OOPS, Computer Networks
