OBJECTIVE

I'm a hardworking and outstanding college student currently pursuing Computer Engineering. I am seeking for an entry-level position where I can hone my skills.

EDUCATION

Bachelor of Technology in Computer Engineering , Jamia Millia Islamia

Expected 2024

Relevant Coursework: Data Structure and Algorithms, Operating System

Database Management System, Object Oriented Programming and Web Development

CGPA: 9.14

SKILLS SUMMARY

Languages	C/C++, Javascript, SQL, Bash Scripting
Technical Skills	Problem-solving, Web Development
Frameworks	Node JS, Express JS, React JS, Gatsby and Next JS
Tools	Git, GitHub, Firebase, VS Code, MySQL, Mongo DB

EXPERIENCE

Back-end Developer Intern

Jun 2023 - Ongoing

DS Legends Pte Ltd

Remote

- Building conventional REST API with Express JS and NO-SQL databases.
- Designing Efficient schema using Mongoose and working with various pre-build APIs.
- Got an opportunity to work with cloud technologies and tools used in Back-end Development.

PROJECTS

E-Rakt Blood Bank Site. I along with 7 other Teammates built a fully functional website having key features like User login / signup , blood banks near user , donor/patient appointments and some articles on blood donation.

-Tech Stack : EJS, CSS, JavaScript, NodeJS, ExpressJS and MySQL

-Studied Government Blood Bank API data and used it efficiently. ([Try it here](#))

Social Media REST API. Made a Restful API for a social media application having key features user authentication, GET feeds, follow and unfollow user, POST post, like and unlike post and many more.

, -Tech Stack : NodeJS, ExpressJS, MongoDB ([Github Repository](#))

Task Manager REST API. Made a Restful API under the guidance of Andrew Mead having key features like user authentication , user welcome/ farewell greeting by email, storing encrypted password, and storing user task on a remote database.

-Tech Stack : NodeJS, ExpressJS, MongoDB ([Github Repository](#))

EXTRA ACTIVITIES

- Solved 250+ Problems on Leetcode ([LeetCode Profile](#))
- Open-source contribution to MERN stack projects

CERTIFICATION

- The Complete Node.JS Developer Course (3rd Edition)
